

Sports Premium Plan 2018/19

In March 2013 the government announced that they would be providing funding of £150 million per annum until 2020 to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school head teachers to spend on improving the quality of sport and PE for all their children. On 17th July 2017 the Department for Education confirmed that the Primary PE & Sport Premium would double from September 2017. The sport funding can only be spent on sport and PE provision in schools.

Purpose of the funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose they do this. Possible uses for the funding include:

- hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- new or additional sport clubs to increase pupil participation
- paying for professional development opportunities in PE/sport
- providing cover to release primary teachers for professional development in PE/sport
- running sport competitions, or increasing participation in the school games
- buying quality assured professional development modules or materials for PE/sport
- providing places for pupils on after school sport clubs and holiday clubs

This year St Matthew's Primary School will receive £18,000. We intend to spend this money on the following:

Projected Breakdown of Budget Spend:	
Amount	Brief description of purchase
